

A bird has wings and flies. It can fly for miles.

Fly from Mexico to the United States and from the United States to Canada.

Even ducks have the same habit. Birds can migrate.

Ducks migrate to the year and months when they have a baby they go to another country. Birds when they go, rest, feed, and sleep. The next day they are ready for the trip.

Cando sleeps at night and the next day they continue their way to arrive fast.
